Wirick, Holiday has shared a OneDrive for Business file with you. To view it, click the link below.

ND WQS 2022 EPA comments on Triennial Review July 2022.docx

---

Hi Mario, no, I could not listen in and Pete said, as usual, no one attended the hearing. I have prepared a letter providing comments on the state's WQS during the public comment period which recommends adoption of aluminum, cyanotoxin and possibly nutrient criteria (Tina's reviewing it now).

Attached FYI is the draft letter FYI which I plan to send to Andrew tomorrow morning for his review (he's out today) and then to Pete tomorrow as well.

Thanks.

Hi, Holly

I have a note here saying that ND held a public hearing on their current standards in July 20. Did that take place and were you able to listen in? Any news there?

Mario
